## TX Series Pool & Spa Pumps

SWIMMING POOL & SPA EQUIPMENT

- Heavy Duty 30% Glass Filled Noryl Body for extremely long life
- Funnel Flow Diffuser for High Flow and High Pressure
- Heavy Duty Continuous Rated Motor
- Whisper Quiet Operation
- Product of Australia
- 3 Year In Field Warranty

# TX Series

## Pool and Spa Pumps

The top of the line TX series is Hurlcon's premier pump designed to operate where high flow at high pressure is required.

### HIGH END POOL AND SPA APPLICATIONS

A high performance, high head pump ideally suited for the modern pool or spa, the TX Series is engineered to last for years in tough Australian conditions...

With the addition of more equipment on modern pools, you can be assured that the TX Series is up to the task. In fact, the TX Series develops enough pressure to run the filter, heater and chlorinator. Designed to run at high pressures, the TX series is ideal for use in floor cleaning systems. Furthermore, as a booster pump, it delivers sufficient power to run a multi jet spa.

### HIGH EFFICIENCY

Incredibly efficient, the TX Series moves more water, using less power, in fewer hours per day considerably reducing operating costs.

### FURTHER FEATURES INCLUDE:

- Inbuilt non return valve to eliminate reverse rotation of the impeller at high pressure.
- High quality materials and rigid construction results in low operating noise.
- Single piece pump body made from corrosion resistant high tech glass reinforced Noryl, one of the toughest and most stable reinforced thermoplastics available.
- Large hair and lint pot requires less frequent emptying.
- Clear inspection lid is easily undone for cleaning of the strainer basket.
- Inlet and outlet barrel union connections allow quick and easy installation and removal for servicing.
- Quality stainless steel components including the shaft incorporated in the pump motor ensures ongoing reliability.
- Available in four sizes from 0.75hp to 3.0hp to suit most pool, spa or floor cleaning systems.
- Mechanical seal – High quality lapped true carbon face & ceramic seal.
- TX series pumps are covered by a limited 3 year warranty against defects in materials and workmanship.

### COMPLEMENTARY PRODUCTS

Multi Media Filter

MX Heater

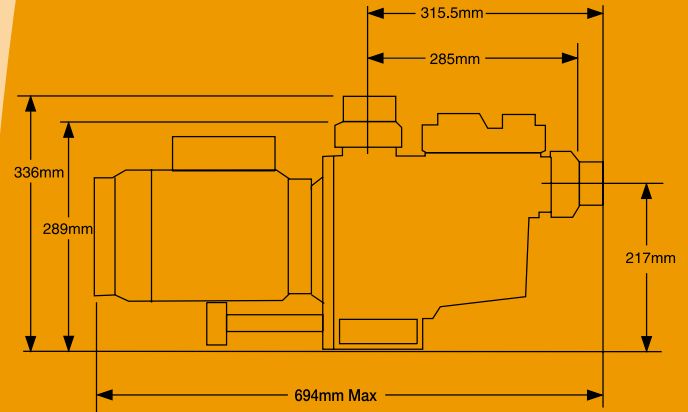

Genus IV Remote Control

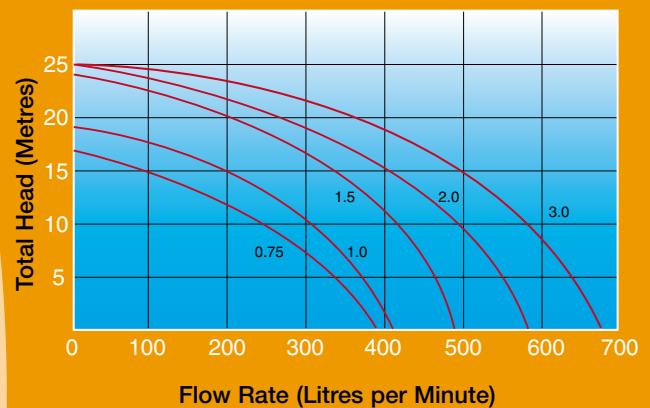

VX Salt Chlorinator

### DIMENSIONS

Model	Voltage (v)	Input Watts	Full Load Amps	Phase
TX 3/4	240	750	3.8	Single
TX 1.0	240	1260	5.3	Single
TX 1.5	240	1540	6.2	Single
TX 2.0	240	1980	8.3	Single
TX 3.0	240	2800	11.4	Single
